A Word from the Chairs

Welcome back to Furvana!! We're thrilled that you've decided to join us this year, whether you're a returning attendee or someone new experiencing the convention for the very first time! This year, we've witnessed remarkable growth at Furvana, not only in the number of furries attending, but also in the skills, passion, and creativity of all our staffers, panelists, performers, vendors, volunteers, and everyone else who has contributed to making this event possible.

Sometimes, it's easy to overlook just how fortunate we are. In a world filled with unending challenges, we all share this one simple, silly, delightful, goofy, and whimsical passion – our love for the furry art and culture. Through this shared interest, we express ourselves, form friendships, and build connections that last forever. A furry you don't know is just a friend you haven't met yet!

For those who know me personally, you know that I've been absent from the Pacific Northwest for the past two and a half years. My husband and I embarked on an RV journey across the country, exploring coast to coast. Each state had its own beauty – not just in its landscapes, but also in its people, cultures, and of course: the foood!! However, after all these experiences, we find ourselves drawn back to the Pacific Northwest. What was missing in those places is precisely what brings us back here: you all!

Fritzzy Wolf

My friends, my community, and my husband are my constant sources of inspiration and motivation. I'm overjoyed to be back and proud to be a PNW furry!

As you enjoy your time this weekend, please remember that Furvana is a completely volunteer-driven endeavor, requiring an immense amount of dedication and hard work with no expectation of reward. So take a moment to express your gratitude to a staffer – offer a hearty high paw or a warm furry hug (with their consent, of course)!

One of the very unique things about Furvana and its staff is the wonderful collaboration and comradery we have with our fellow furry event coordinators! Not only do we share similar volunteer staff for our events, we also want all of us to succeed in serving our furry community.

We would like to thank the following groups for helping us make 2019, an amazing year one for us:

- * Puget Sound Furs for helping us with a bowling event during our first year! (Extra thanks to coordinator, Raphial)
- * Furlife for letting us post our public furry events online for all to see! (Extra thanks to coordinator, Kijani)
- * Furry Convention Leadership Roundtable for helping us Co-Chairs by sharing convention knowledge! (Extra thanks to coordinator, Duncan)
- * RAln for inviting us to join them in representing the furry community in Seattle's Pride Parade! (Extra thanks to coordinator, Gene)
- * Civet Solutions for the Convention Master registration system! (Extra thanks to the coordinator, Trapa)
- * And Furlandia for allowing us to have a Furvana panel at their convention! (Extra thanks to the mystery lady in the audience that told us to head out here to Ocean Shores to have our convention)

For you new furry members in the community, here are some additional group names in our area to be aware of:

ALL AGES:

- * When Furballs Strike (Bowling in Kenmore, ALL AGES)
- * Vancoufur (Convention in West Coast Canada)
- * USS. Dragonfly (Star Fleet International – for Furries)
- * INWFF (Furry Meet Events in the Inland Northwest [USA])

18/21+ ONLY

- * Fetch NW (Furry Parties in Seattle, WA)
- * Vulpine Taproom (Furry Friendly Taproom in Lake Forest Park, WA)

21+ PLEASE DRINK RESPONSIBLY

BARK! SERIOUSLY, WE LOVE YOU

Guests of Honor

SOREN

Artist Guest of Honor

This year we're proud to announce Soren as Furvana's newest Artist Guest of Honor! A career artist for her entire adult life, and an artist by heart since she was old enough to hold a pencil, Soren has a fantastic showcase of talent that's a purrfect fit for bringing this year's theme to life, Furvana Vice!

Soren has an art degree with a major in illustration, and has worked with companies that produce many multimedia works including t-shirts, mugs, prints, and more! Soren has also been in love with fantasy art from an early age, and became more directly involved with the furry community over 7 years ago. We're very happy to be able to showcase her talents here at Furvana 2023.

ASH COYOTE

Performer Guest of Honor

Ash Coyote is a film director and YouTuber based out of Colorado, just recently relocated to Portland, Oregon in our beloved Pacific Northwest! She has worked on a variety of film projects both furry and non furry related. In 2020 she released **THE FANDOM** with her co-director Eric "Ash" Risher.

Ash has been an avid YouTube creator for over 4 years, and has worked professionally in film for over 15! A winner of numerous awards, including Best Feature Film at the 2021 Los Angeles LGBTQ+ Film Festival, 2020 Ursa Major award for Best Non-Fiction Work, and a 2020 Good Furry award! Ash is an endless font of filmmaking knowledge and enthusiasm we're very proud to have her joining us for Furvana 2023!

MEEP

Artist Guest of Honor

Meep will be rejoining us as a second artist Guest of Honor for Furvana 2023! You may remember Meep as our 2021 Artist GoH, however the challenge of COVID-19 prevented her from attending the convention in person. We're happy to give her the chance to return with the honor she so rightly deserves!

Meep has been drawing art since she could slap mud on a fence, and has since refined her talent with years of self-taught practice and some time in the Art Institute of Seattle. She's been a furry for over 14 years, and has called the Pacific Northwest home nearly all her life. Meep is the creative mind behind the character design of our mascot themselves, and has provided several pieces of wonderful artwork featured in our posters, publications, and our really awesome cardboard standees!

KIRISIS

Writer Guest of Honor

Kiris "KC" Alpinus is a passionate and deeply sensitive writer who can usually be found with her nose buried within a book

A magna cum laude graduate of Tuskegee University and current graduate student of the University of Calgary, most of this chaos goblin's free time is spent playing a variety of indie games on her Nintendo Switch, collecting hordes of miniatures that she will never finish painting, playing Magic: The Gathering or building one of her many gunpla or Zoids figures.

Kiri's contributions to the fandom include being an author and award-winning editor for **CLAW: Volume 1** and **SOAR: Volume 1**, adult and general audience anthologies, respectively. Her written works appear in **Inhuman Acts**; **Give Yourself A Hand**; **Thrill of the Hunt** (which she co-edited); **HERE.**, a BIPOC-created and -developed zine; and numerous other furry literature-related items. If you happen to perceive her (memes are the standard go-to if you'd like to try), she can be found helping volunteer at any of the largest fur cons or enjoying the mountains near her home in Calgary, AB with her loving partner (in crime), **Ocean Tigrox**. Caution though: both of them are funny, fuzzy gremlins.

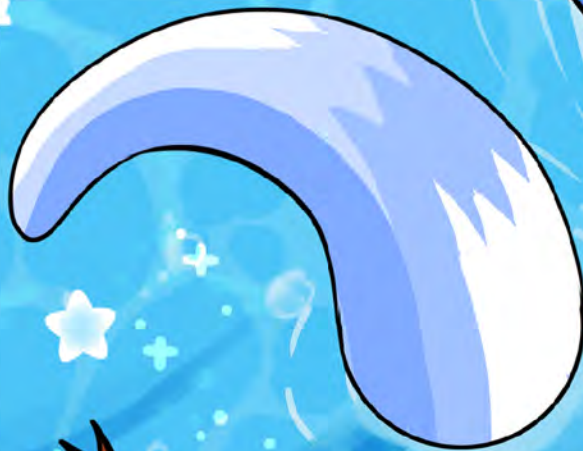

You can find her at @SwirlyTales for writing, editing, and other book-related things, or @Darheddol (where she is undoubtedly an agent of chaos).

Remember to hug dholes and be the change you wish to see in the world!

Beach Safety

Furvana is located a very short walk from the coast of the beautiful Pacific Ocean, and although there is plenty of fun to be had on the beach, the ocean can be extremely dangerous if you do not respect the power of the waves. To ensure a fun and safe time is had by all, please follow these guidelines whenever you're on the beach:

Logs Are Not Your Friends!

Always stay clear of driftwood logs and never play on or around them. Logs are on the beach because they are picked up and carried by waves; they are unstable and can easily roll over on you.

Knee Deep!

If you do walk into the water, make sure you don't go in to water past your knees to help ensure your safety and help prevent you from being swept away by a rip current.

Bring a Buddy!

Do not go out close to or into the water by yourself. That way, if you do get into trouble, there will always be someone to call for help.

Don't Turn Your Back on the Ocean!

When in the water, sneaker waves can come out of nowhere and knock you off your feet. Always keep one eye on the incoming waves when in the water or close to the water's edge.

Wear a Wetsuit!

The water of the Pacific Ocean can be very cold, especially in September! Wearing a wetsuit will help keep your body temperature regulated and decrease the risk of hypothermia.

Cars on the Beach

The beach is classified as a state highway, so pedestrians should watch out for moving vehicles at all times and vehicles should drive slowly and be very mindful of pedestrians. Driving on the packed sand of the beach is permitted, but you should always stay very clear of the ocean water. It is very easy for a heavy vehicle to become entrapped in the wet sand, and the high salt content of ocean water can do damage to a vehicle. Traction tires are strongly advised.

Alcohol

Alcohol is permitted on the beach, but you **MUST NOT** be in a vehicle if you are drinking.

Leave only pawprints, take only memories!

Please clean up after yourself. Remember that the beach is connected to the habitats of the surrounding wildlife.

Sunrise & Sunset

Nothing quite beats enjoying nature's magnificent lightshow over the rolling ocean with your buddies. Be sure to check it out!

Sunrise - 6:45 AM

Sunset - 7:40 PM

Event Schedule

Main Theatre

Fri Sep 8, 2023

3pm - 4pm Opening Ceremonies

Calendar: Furvana Theatre

A Special Thank You to RAIN...

Furvana would like to sincerely express our gratitude to the RAIN organization. Their friendship and support have been pivotal in helping Furvana succeed. Through counsel and material support of various convention assets, RAIN has helped to enable us to deliver the kind of furry convention we have always envisioned. RAIN's commitment to the furry community stands as an enduring testament to the good we can all do when we work together.

Our motto

Left Behind K-9 Rescue lives by the quote from Karen Davidson that says, "Saving one dog will not change the world, but surely for that one dog, the world will change forever."

We specialize in rescuing pets with severe medical needs who come our way via our shelter and veterinary partners. LBK9 covers 100% of all medical needs and expenses for all our rescues until they are adopted.

How we operate

LBK9's operations are a four-step process:

1. Rescue dogs and cats with severe medical needs.
2. Transport animals to homes in our foster network.
3. Rehabilitate the animals and pay for their medical needs, including microchipping, spay/neuter, surgeries, and other care.
4. Facilitate flawless adoptions through a rigorous application process.

Helping the community

We support the greater-Enumclaw community through the following actions:

- Offering low-cost spay and neuter surgeries.
- Providing financial support for emergency care in life-or-death situations for injured pets.
- Educating the community about the importance of adoption, spay/neuter, and general animal care.
- Donating pet food and supplies for families in-need.
- Assisting other animal rescues and shelters.

Left Behind is Furvana 2023's Charity Recipient!
